

The majority, 80-90
percent, of middle
school kids DON'T
drink alcohol

Alcohol use by teens
can lead to reduced
learning ability

Stay smart,
don't start!

leadership@alcoholfreechildren.org

You can have fun, and be a part of the crowd, by NOT drinking!

Say "No thanks" when offered a drink -
"I have better things to do!"

Don't let ads trick you into thinking alcohol is OK for you.

Talk to your parents about your alcohol concerns.
